PEARL HARBOR.

Protected by Sharks and Turtles and Likely

to be the Pacific's Gibraltar.

No finer trip out of Honolulu can be

made than to Pearl City by water. The

route is just outside the surf line. A

light boat with a small load may go in

the breakers. So soon as the boat is

fairly headed for Barber's point the

spoke begins. The water is alive with

monster turtles and big sharks. You

may shoot the former or hook the latter.

Every time the craft gets into the break-

ers interest in the trip is heightened to

the point that men who like to adventu-

re glory in. Laws of control of the

boat means a ducking, if nothing more.

Mullet fly out of the water in the old

Kalihai fishing grounds, and when will

into Pearl harbor you pass the famous

shark trap and more mullet preserves.

Ducks fly overhead, and a short dis-

tance back from the shore line there are

wild fowls, geese and ducks, and occa-

sionally a pig. Pearl's island is viewed with

interest.

When Pearl harbor is an accomplished

fact, with masked batteries at its en-

trance, the island will have behind its

fortifications the modern mid-Pacific

station of the United States. As an an-

cient salt plant is passed and the aban-

doned shark penning is noted, the

great Ewa plantation, with its large

mill and wide canals, melt into the

scene. Glasses are then trained upon

the splendid ranches of farming pio-

neers. Each holding is a little empire.

Cabarets and yachts going to Pearl river

for fresh water are passed by the launch

as though they were at anchor. At the

landing is tied the yacht Kailua, of

whose speed some enthusiasts tell. She

is waiting to be loaded with rice from

the mill with its tramway to the dock.

Ricefields, taro patches, coconut

groves, banana orchards and truck gar-

dens on the main land are cut up by

Pearl river and its branches and by ir-

rigating ditches. Natives sit in the

shade. Chinamen pass up and down the

track of the Oahu Railway and Land

company, newly ballasted. Parties are

bathing, lounging at pretty Remond

grove, with its green carpets and elec-

tric plant, at the depot, store or ranch-

house.

A birdseye view of Pearl City and its

surroundings is a treat. It is best had

from an elevation in the future metrop-

olis itself. Mankai there glints and

shimmers on the placid surface of Pearl

harbor, deep, well sheltered and with

room enough for every warship afloat.

East its throat rolls the grand Pacific,

the friendly ocean, pleasant in itself as

it is in dreams of conquest. On the Ewa

side of the observatory the "distant hills

of Waianae," miniature mountains, have

the inviting tinge of distance.

Barber's point is low. The lookout can

sweep the sea for miles beyond the pen-

insula and announce the approach of

any vessel. On the Waikiki side Hono-

lulu, with its trees and spires, its smoke-

stacks and masts, seems very close. Rug-

ged Diamond head, which grows upon

every beholder, has at 14 miles a better

defined shape and sharper outline than

it affords with a closer view. Again the

sentinel may command the sea for miles

upon miles. The background of all this

is a range of hills from which a watcher

can scan almost the entire island. It is

all a magnificent panorama that can be

taken in at a glance.

Pearl City is quite a little place. It is

laid off in wide avenues and large lots.

There are stores, residences and a cou-

ple of small hotels. In the valleys back

are the pineapple ranches, every one a

success. The waterworks of the railroad

company are prominent, and the court-

house tells of the domain of the law.

The location for a city is admirable.

Hawaiian Star.

A Shoe Breaker.

In these days curious occupations are

constantly developing. A late one is that

of "shoe breaker." An English woman

will, for half a crown a pair, take your

new shoes and wear them long enough

to take off the tight stiffness that new

shoes are apt to have. It takes about

three days to bring them to the happy

condition of comfort which poets sing

of, and in busy times she has as many

as six pairs going at once, wearing each

two hours every day.—London Letter.

Kansas Women In Politics.

Kansas will have four women candi-

dates for local political office at elections

to be held shortly. The Democrats of

Kansas City, Kan., have nominated Mrs.

Sarah Frame, a widow, and Mrs. Emma

Schmidt, the wife of a Union Pacific en-

gineer, for members of the board of ed-

ucation. The Independents of Rosedale,

Kan., have nominated two prominent

W. C. T. U. women, Mrs. Fannin Hol-

linger and Mrs. Fred Bush, for the board

of aldermen.—Kansas City Times.

Repairing the Cable.

The cable ship Minia has started from

Quebec on the difficult enterprise of

repairing one of the Anglo company's

defective cables in 2,000 fathoms of wa-

ter in the mid-Atlantic. The cable will

have to be overhauled for several hun-

dred miles, the defective sections cut

out and new lengths spliced in. The

Minia took 500 miles of new cable, half

FRIDAY, JULY 27, 1894.

A COMPROMISE TARIFF BILL.

Representative Harter of Ohio has introduced a compromise tariff bill. It provides that after September 1, 1894, all tariff taxes and duties not otherwise provided for shall be reduced one-half, provided such reductions do not bring them below twenty per cent. ad valorem, it being the intention of this bill to allow a tariff of not less than twenty per cent. ad valorem to remain upon all articles now paying a higher duty. This is not to be construed as in any way changing the existing taxes or duties upon articles paying a lower rate of duty at this time than twenty per cent. ad valorem. It further provides that all taxes and duties in excess of twelve per cent. and not exceeding twenty per cent. ad valorem, shall be reduced to the uniform rate of twelve per cent. It also imposes a uniform duty of one cent per pound on all sugars, and a duty of four cents per pound upon all coffee and of eight cents per pound upon all tea imported into the United States. The internal revenue tax upon beer or other malt liquors is fixed at \$2 per barrel of thirty-one gallons, and a tax at the same rate per gallon upon all wines produced in the United States. The bill repeals all laws in conflict with it, and it also repeals the Sugar Bounty act, to take effect January 1, 1895.

Harter, in support of the bill, says it will provide a surplus every year. That it is essentially a compromise bill. That it leaves the taxes fully nine per cent. higher than the last National Republican platform asked, but they are, nevertheless, lower than the average rates of either the Wilson or the Senate bill. That the sugar interest is given no bounty, for the reason that its refusal to give reasonable information concerning that business is *prima facie* evidence that it is beyond such need. That the increased tax of one-fifth of a cent a glass on beer will be borne by the brewers and retailers, and will not add to the price or reduce the size of the glass, and the tax upon wine being the same as upon beer will not be burdensome or oppressive to any consumer. That the tax upon tea and coffee of about one mill per cent. may be called a pure revenue tax, and that under this bill no income tax will be required.

This bill is modeled somewhat after the Morrison Horizontal measure of nine or ten years ago. It imposes a duty on everything that is now taxed, but it reduces the tax. It eliminates the income tax clause, and though it may receive the support of members who are opposed to that method of taxation, yet it is not probable that it will become a law.

THE DENVER CONVENTION RESOLUTION.

The Denver Convention of Republican Clubs adopted a financial resolution which appears in full in a communication from Senator Stewart. The resolution is said to be entirely satisfactory to the goldbugs who dominated the convention. Why it was so is explained by Senator Stewart. He says the Sherman act contained a provision similar to that in the resolution. This provision was construed by the Harrison Administration to compel the payment of all silver obligations in gold and to refuse to coin sufficient of the bullion purchased under the act to redeem the Treasury notes issued in the purchase of bullion. The Cleveland Administration adheres to the construction given the clause by the Harrison Administration, proving that on the financial question there is no difference between the old parties.

The Denver Convention also declared in favor of the "full use and highest position of silver," and Senator Stewart shows that the meaning of this phrase is also well defined, the gold advocates having for several years maintained that the highest position which silver can occupy as a money metal is that of subsidiary coin or token money. Neither of the old parties in National Convention has dared to put in its platform such a bold defiance of the silver sentiment of the country.

The Senator points to the fact that the convention which adopted this resolution, the meaning of which is so well defined, was held in a silver producing State as proof that the Republican party is completely under the control of the gold trust, and he appeals to the people of Nevada to keep up the opposition, for if they are absorbed in either gold party, they will become instruments of their own humiliation and destruction.

A LOSS TO RENO.

The tragedy enacted in the Bank of Nevada yesterday afternoon, which resulted in the death of M. D. Foley, is deeply deplored by the citizens of Reno. The deceased was an enterprising citizen, a large property owner and a public spirited citizen. He took an active interest in public affairs and was foremost in every enterprise that was calculated to benefit not only the town but the State. He was twice elected Senator in Esmeralda county, and in 1890 was elected to the Senate from Washoe county, his term expiring next January. He was a member of the National Republican Committee, having been appointed to fill the vacancy created by the resignation of Hon. W. E. Sharou, of Storey county, in 1892. He leaves a widow who has the sympathy of the community to mourn the untimely death of a husband and down the prime of vigorous manhood.

AFFAIRS CONGRESSIONAL.

Debs Refutes the Claim of the American Labor Union.

A LIVELY PRIZE FIGHT.

Work Resumed in the Illinois Steel Works.

CONGRESSIONAL PROCEEDINGS.

The Fight on the Tariff Still on.

WASHINGTON, July 26.—Senator Vilas, who was Secretary of the Interior, and later Postmaster-General during Cleveland's first administration, replied today to Senator Gorman's attack upon the President. For two hours he held the floor delivering a scathing rebuke to the Maryland Senator. He denounced Gorman's assault as wanton, reckless and unjustifiable and though he declared Cleveland needed no defense at his hands, he took up seriatim the charges made by Gorman and met them with masterly skill and logic. He made his statement, he said, in the interest of the truth of history. Gorman was not in the Senate at the time and to this fact the Wisconsin Senator called attention with regret. In conclusion he eulogized the personal character and public integrity of Mr. Cleveland in most glowing terms, declaring with dramatic fervor the President of the United States who had received so many evidences of honor and respect of the people could not suffer from this attack of the Maryland Senator. At the conclusion of his speech Mr. Vilas explained that in view of the fact that Messrs. Gorman and Smith had assured him his motion to recede from the one-eighth differential in favor of refined sugar must fail, and the further fact that the Democratic caucus had decided to agree to a further conference without instructions he would withdraw the motion.

After some general remarks by Mr. Stewart against the interference of the executive with the legislative branch of the Government, Mr. Hill's motion that the Senate recede from the amendments placing a duty of 40 cents per ton on coal and iron was voted on and defeated.

A Lively Prize Fight.

MINNEAPOLIS, July 26.—A twenty-round welter weight fight for the world's championship, between "Mysterious Billy" Smith of Boston, and Tommy Ryan of Chicago, at the Twin City Athletic Club took place to-night before 4,000 spectators. At the end of the twentieth round, while not knocked out, Smith was declared beaten by Referee Joe Choynski. Ryan kept away from Smith in the earlier rounds and much hard work was done but little execution. Smith missed many blows but in the sixth round he drove Ryan to the ropes twice and once had Ryan on his knees.

In the ninth round Smith done all the fighting, landing on Ryan's ear, face and kidneys. Each cursed the other when they came together.

In the next few rounds Ryan kept away, laughing and guffing Smith. Smith chased Ryan all over the ring, landing right and left, but could not finish him.

From the sixteenth round Ryan got in hard blows on Smith's stomach, kidneys and face.

In the eighteenth round both fought like tigers, and the round closed with Smith groggy and his nose broken.

In the nineteenth round Smith's face was pouring blood.

In the twentieth round Smith was nearly gone, but Ryan failed to knock him out.

Fastest Beats Ever Trotted.

CLEVELAND, July 25.—Alix won the free-for-all trot in 2:08, 2:09 1/4 and 2:09 3/4, Pixley second, Walter E. third. The 2:11 class trot was won by Ryland T. in 2:08 1/4, 2:07 3/4, 2:08 1/4. Ella R. Lord Clinton, Pimbleco, Mollie Wilkes, Phoebe Wilkes, Nightingale and Ambury also started.

These are the fastest beats ever trotted in a race.

Debs Does Not Recognize It.

CHICAGO, July 26.—President Debs of the A. R. U. said to-day: "I have seen in the newspapers the mention of a new organization called the American Labor Union, and my name has been coupled with it. I have no connection with such an organization whatever, officially or otherwise, and any use of my name in connection with it is wholly unauthorized."

Work to be Resumed.

CHICAGO, July 26.—The fires were started to-day in the works of the Illinois steel company, which have been shut down since the beginning of the railroad strike. The plant will resume with full force Monday, giving employment to about 3,500 men.

A Test Case for Damage During Strike. CHICAGO, July 26.—The first suit of the many that are to be brought against Chicago by the railroads for damage incurred during the strike was filed by the Louisville, New Albany and Chicago road to-day. The suit will serve as a test case. The amount sued for is \$0 damage to a freight car.

The Industrialists Anxious to get Home. WASHINGTON, July 26.—Large and indignant delegations from the Industrial armies camped in South Washington applied at the room of the House Committee on labor to-day not to urge their bills but to plead for assistance. The expected has happened, and their leaders had deserted them and they sought congressional aid to return to the localities from whence they had come. Cockey's men said their leader had left them in a lurch yesterday.

Kelly's men averred that their leader had drifted away several days ago and that they did not expect to see him again; while Fry's men said their leader had probably abandoned them. The men who were brought from the Pacific Coast by Kelly were particularly indignant, and expressed a fervid desire to tar and feather their General. Mr. McCann told them there was not the slightest chance of a Government appropriation for their return, and sent them to the local Superintendent of Charities.

The National Guard of California in a Row.

SAN FRANCISCO, July 26.—The *Chronicle* says a quarrel between the National Guard regiments at Sacramento will be settled by a court of inquiry. The military commission will determine whether any officer should be court-martialed for handling the brigades at Sacramento depot on the memorable day when the militia failed to disperse the strikers and left them in possession of the railroad property. The feeling between the San Francisco troops is still far from friendly on account of the events that day. Blame is attached to someone and the soldiers of each city laid it on the men of the other place.

THE DENVER GOLD CONVENTION.

Senator Stewart Calls Attention to Its "Silver" Declaration.—He Appeals to Nevada to Keep Up the Opposition.

The following, written by Senator Stewart a month ago, has reached this office, but it has lost nothing by delay:

UNITED STATES SENATE, WASHINGTON, D. C., June 29, 1894. To the Editor of the State Journal.—I desire to call the attention of the people of Nevada to the declaration of the Convention of the Republican League held in Denver on the 27th inst. Here it is:

We believe in the use of gold and silver as money metals, maintained on a perfect parity and interconvertibility. We do not believe that there will be a permanent return of prosperity to our country until the full use and highest position of silver shall be restored, and we favor such legislation as will bring about this result.

What is meant by maintaining "perfect parity and interconvertibility" is well defined. The Sherman act contained a similar provision. It declared "it being the established policy of the United States to maintain the two metals on a parity." This clause was construed by the Harrison administration to compel the Secretary of the Treasury to pay all silver obligations in gold, and to refuse to comply with this mandatory provision in the same act, to coin sufficient of the bullion purchased under the act to provide for the redemption of the Treasury notes issued in the purchase of bullion. The Cleveland Administration adhered to this construction, and finally declared that it was impossible to maintain the parity without refusing to purchase silver as required by the act. This construction of the law by Harrison and Cleveland was defended by the gold press and the gold advocates in both Houses of Congress.

The Convention in Denver also declared in favor of the "full use and highest position of silver." The meaning of that phrase is also well defined. The gold advocates on both sides of the Atlantic have for several years maintained that the fullest possible use and the highest possible position which silver can occupy as a money metal is that of subsidiary coin or token money. The convention favored such legislation as will bring about the result indicated in their declaration of principles, which is the payment of all silver obligations in gold and the use of silver as subsidiary coin or token money. Neither of the old parties in national convention has ever dared to put in its platform such a bold defiance of the silver sentiment of the country.

No further proof is necessary to establish the fact, which has been so often asserted by the Silver party of Nevada, that the managers of the Republican party are in the service of the English gold syndicate. If the convention had been held in New York or Boston, it would have been less significant. The fact that a thoroughly representative body of the Republican party should have met in the leading mining State of the west and used a combination of phrases which have been construed to mean the single gold standard, and nothing else, is a warning to silver men to avoid association with a party under the control of the gold combination.

Sensor Cameron, the only silver Senator east of the Dakotas and north of the Potomac, sent a letter to the gold convention at Denver which contained the true principle of bimetalism, but it produced no more effect than if it had been sent to the banking house of the Rothschilds in London. There are undoubtedly true silver men who still adhere to the Republican organization and not only strengthen that organization by their votes, but induce others to fall into the gold trap and be counted as supporters of the London gold trust.

The only Republican convention held during the current year which has declared for silver was in California

All the others have used thread-bare generalities which are invariably construed to mean by all administrations and by Congress as declarations in favor of the single gold standard. Both the old parties in 1892 led the people to believe by their platforms that they were in favor of bi-metalism, but when Congress met the platforms were construed by the Executive and the Senate and House of Representatives to mean the single gold standard. Only one Republican, as before remarked, east of the Dakotas and north of the Potomac in the Senate, and only four in the House of Representatives in that section of the country, gave by their votes any other construction. On the contrary, they stood by Mr. Cleveland and aided him to consummate, ratify and confirm the criminal act of 1873, demoralizing silver. A Republican or Democratic silver man is little more than a decoy duck to deceive the unwary, and lead them into the camp of the enemy.

I appeal to the good people of Nevada to keep up the opposition, for if they are absorbed in either gold party, their identity will be lost, and they will become instruments of their own humiliation and destruction. The revolt of 1892, and the dissatisfaction existing throughout the country, have forced politicians to pretend to be in favor of silver. They know that the American people are thoroughly in favor of the restoration of silver to the place it occupied previous to the crime of 1873, and they are now making a desperate effort to deceive them, and in that way make them continue to acquiesce in maintaining the gold standard with all the misery and ruin that it inflicts. It is well that the politicians of the Republican party have shown their hand at this early date. It furnishes the people of the United States an opportunity to decide before it is too late whether contraction, falling prices, hard times and financial slavery shall be the fate of the American people.

Yours, very truly,
WM. M. STEWART.

Notice

A meeting of the Democratic State Central Committee will be held at Carson City on Wednesday, July 26th, at 1 o'clock p. m. A full attendance is requested, as matters of importance will be brought before said meeting.

H. HARRIS, Chairman.
JOHN O'TOOLE, Secretary. je28td

POSTPONED.

On account of the irregularity of running trains by the C. P. R. Co., the meeting of the Democratic State Central Committee, called for July 26th, is hereby postponed to Wednesday, August 15, 1894.

je29td H. HARRIS, Chairman.

See the World's Fair for Fifteen Cents.

It is guaranteed to give perfect satisfaction or money refunded. Price 25cts per box. For sale by S. J. Hodgkinson.

"For Years,"

Says CARIE E. STOCKWELL, of Chesterfield, N. H.: "I was afflicted with an extremely severe pain in the lower part of the chest. The feeling was as if a ton weight was laid on a spot the size of my hand. During the attacks, the perspiration would stand in drops on my face, and it was agony for me to make sufficient effort even to whisper. They came suddenly, at any hour of the day or night, lasting from thirty minutes to half a day, leaving as suddenly, but, for several days after, I was quite prostrated and sore. Sometimes the attacks were almost daily, then less frequent. After about four years of this suffering, I was taken down with bilious-typhoid fever, and when I began to recover, I had the worst attack of my old trouble I ever experienced. At the first of the fever, my mother gave me Ayer's Pills, my doctor recommending them as being better than anything he could prepare. I continued taking these Pills, and so great was the benefit derived that during nearly thirty years I have had but one attack of my former trouble, which yielded readily to the same remedy."

AYER'S PILLS
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Every Dose Effective

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adopting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, a refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession because it acts on the kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

An Open Letter.

Having purchased the well and favorably known business of Mr. R. C. Willis we take this manner of informing the many patrons of the store, our friends and the public in general that we shall conduct the business the same as heretofore. This store has long had the reputation, and justly, of being the cheapest place in the city to trade. We are in every way able to keep up its record. Ours is a cash store; we buy for cash and sell for cash; we do our own work, our rent is low and our customers get the benefit. We carry a full line of everything found in a first-class store. Our line of groceries and provisions is complete and choice. We can fill an order for anything in the hardware line. Sportsman's goods we make a specialty of. We carry a complete stock of loaded and empty shells, all gauges and loads. If you anticipate a trip to the mountains come and get ear prices in fishing tackle. We carry a large stock of boots and shoes of all sizes and grades, which we will sell you at from 30 to 50 per cent less than you can purchase them elsewhere in town. We want your patronage and if we can obtain it by giving you the benefit of exceeding low prices on first-class goods, by courteous treatment and prompt attention to your orders it is ours. Come and get our prices and satisfy yourselves that you can save money by trading with us.

Respectfully,
BEALT & BIRD,
Successors to R. C. Willis.

VIAVI'S RECORD.

Four thousand dollars is Viavi's record in Reno since June, 1892. This of itself speaks of its value. Call and get a health book. Consultation free, at the Viavi Co's. on Fourth Street.

Mrs. B. E. Hunter.

Funeral Notice.

The funeral services of Mrs. Clara E. Comstock will be held at Trinity Church to-day at 3 o'clock. Friends cordially invited.

This Allen resolution, calling upon the Attorney General for copies of the correspondence between the railroads and the Department of Justice and the orders issued by the Department since June 1st to date, passed the Senate yesterday. This will give the public an idea of the relations between the railroads and the Attorney General, and the orders issued by the latter to the United States Marshals and the military.

Governor RENO of Oklahoma has gone to Euclid where the situation is again serious. Citizens declare that they are being abused and maltreated by United States deputies and Federal troops. They say they are dragged from their homes, arrested without warrants and denied the right of preliminary examination. They demand protection and if it is not granted will arm and defend themselves.

When Baby was sick, she used her Castoria.

When she was a Child, she cried for Castoria. When she became a Mrs., she clung to Castoria. When she had Children, she gave them Castoria.

ALL WORK DONE IN A WORKMANLIKE MANNER.
